WEAPON REBALANCE

No game is, or should be, a monolith. As a design crew develops new content over the years — and observes how that content is interacted with by players — lessons are learned and design principles evolve. That very process led our crew to realize the “exotic” tag was overused in earlier **Cyberpunk RED** products to slow power creep and promote game balance.

When it came time for a 2nd printing of **Black Chrome**, we took advantage of the opportunity and rejiggered the firearms inside. At the same time, James Hutt and I sat down and went through weapons from older books and DLC and listed changes. We plan on working these changes directly into those documents as time and opportunity allow but, for now, please use this errata instead.

By the way, if you’re reading this from the future and your copies of the included documents already contain the changes, congratulations! You can close this PDF and go back to playing!

Stay safe on The Street,
J Gray, **Cyberpunk** Line Manager

BLACK CHROME

Please refer to **Black Chrome Changelog**.

DANGER GAL DOSSIER

- **Sanroo Hello Cutie Microcutie:** Remove *Exotic* tag.

12 DAYS OF GUNMAS

- **Arasaka WAA Bullpup Assault Rifle:** Remove *Exotic* tag. Increase capacity to 35. Remove “Despite being an Exotic weapon, it is still capable of loading Non-Basic Ammunition.”
- **Constitutional Arms Multiple Ammunition Pistol:** Remove *Exotic* tag. Add “Incompatible with capacity modifying attachments.”
- **Militech Crusher:** Remove *Exotic* tag.
- **Mustang Arms ARS-5 Submachine Gun:** Remove *Exotic* tag. Add “These Attachments cannot be removed.”

- **Stolbovoy ST-5 Assault Rifle:** Remove *Exotic* tag. Remove “Despite being an Exotic Weapon, it is still capable of loading Non-Basic Ammunition.”

WOODCHIPPER’S GARAGE

- **Pursuit Security Inc Tearjerker:** Remove *Exotic* tag.
- **Sternmeyer M-02 Heavy Rifle:** Add “Despite being an Exotic Weapon, it has 2 Attachment slots that can only be used for scope attachments.”
